Subject Index

(C) correspondence
(E) editorial
(M) meeting report
(S18) supplement 18

ABDOMINAL PAIN: non-specific - an expensive mystery, 59(C)
ABDOMINAL SURGERY: in war - the early story, 554
ABSCESS: urachal cyst presenting with, 367
ACCIDENT AND EMERGENCY DEPARTMENT:
response to patients' inquiries by telephone, 345
role of drugs and alcohol in patients with head injury, 608
use of emergency ambulance service - comparison of general practitioner and 999 calls, 726
ACCIDENT AND EMERGENCY MEDICINE: forensic and legal aspects, 440(M)
ACCIDENT FLYING SQUADS:, 445(C)
and emergencies, 510(C)
worthwhile for medical emergencies, 144
ACCIDENT PRONENESS:, 510(C)
and illness proneness, 163, 570(C)
ACCIDENTS:
the cost of traffic casualties to the community, 390(E)
prevention of drowning, 453(E)
why do people have them, 382(C)
ACROMEGALY:
a question of principle, 431
young woman with spotty pigmentation, acoustic neuroma and cardiac myxoma, Carney's complex, 496
ACTINOMYCOSIS: computed tomography as an aid to diagnosis of early pulmonary actinomycosis, 686
ACUPUNCTURE: non-invasive stimulation of the P6 (Neiguan) antiemetic acupuncture point in cancer chemotherapy, 210
ACUTE MYELOID LEUKAEMIA: sarcoidosis and, 368
ADENOCARCINOMA OF THE GALLBLADDER:, 382(C), 511(C)
five year review of outcome in Newcastle upon Tyne, 84
ADRENAL INSUFFICIENCY: antiphospholipid syndrome, 560
ADVANCED MEDICAL COURSES: at the Royal Society of Medicine, 65(E)
ADVERSE DRUG REACTIONS:
spontaneous reporting vs event monitoring, 341
spontaneous, reports, 691(C)
AGING:
case for the development of departments of gerocomy in all district general hospitals, 731
the future of old age, how old is old, 631(M)
AIDS: surgeons and the risks of contamination during operations, 327(E)
ALCOHOL: role of drugs and alcohol in patients with head injury, 608
ALCOHOLISM: pathology, 506(M)
ALFRED THE GREAT: a diagnosis, 303
AMPHETAMINES:
body-packing with - an indication for surgery, 311
Ecstasy, MDMA, a fatality associated with coagulopathy and hyperthermia, 371
ANAESTHESIA:
dental and dementia, 385(C)
European Academy of Anaesthesiology - 1992 and beyond, 704
novel approach to anxiolytic premedication for day-case patients, 646
and the Prader-Willi syndrome, 239
preanaesthetic medication: a survey of current usage, 481
ANAL CANCER:
the case for earlier diagnosis, 395, 695(C)
epidermoid - the surgeon retreats, 389(E)
ANAL FISTULA: use of bacteriology in anorectal sepsis as an indicator, experience in a district general hospital, 319(C)
ANEURYSM:
cerebral mycotic, infective endocarditis complicated by, 746
renal artery, hypertension and neurofibromatosis, 373
visceral artery and recurrent pancreatitis, 235
ANGIOPLASTY:
percutaneous transluminal coronary balloon, role in treatment of patients with multivessel coronary artery disease, 224
percutaneous transluminal coronary in treatment of patients with multivessel coronary artery disease, 509(C)
ANORECTAL SEPSIS: use of bacteriology as an indicator of anal fistula, experience in a district general hospital, 319(C)
ANORECTAL SURGERY: in HIV-seropositive patients, 191(E)
ANOREXIA NERVOSA:
family therapy for - why not, 691(C)
family therapy for in adolescence, 359
ANOXIC ASPHYXIA: a cause of industrial fatalities, 493
ANTERIOR PELVIC RECONSTRUCTION: with ileum after cancer treatment, 709
ANTICONVULSANT DRUGS: epilepsy after craniotomy, 221
ANTIPHOSPHOLIPID SYNDROME: and adrenal insufficiency, 560
α1U ANTITRYPSIN DEFICIENCY: 5 q- syndrome and monoclonal gammopathy with, 438
ARTHRITIC PAIN: night sedation and, 73
ARTHRITIS: infectious with *Moraxella lacunata*, 629
ARTHROGRAPHY: place in the diagnosis and management of meniscal injuries - a 6-year review, 133
ARTHROSCOPY: in children, 29
ASYLUM CARE: and community care, 252(E)
ATRIAL FIBRILLATION: pulmonary embolism as a complication of right atrial thrombi, 313
AUDIT:
of cervical cytology screening programmes, 488
in a coronary care unit, value of cardiac enzymes, 398
of default at neurology clinics. Can outpatient non-attendance be predicted from the referral letter, 662
medical helicopter systems - recommended minimum standards for patient management, 242
mortality in a university surgical unit, what is an avoidable death, 210
of surgical treatment of ovarian cancer in a metropolitan health region, 207
who should have prostatectomy? A survey of the management of patients presenting with bladder outflow obstruction, 533
AURICULOTEMPORAL NERVE SYNDROME: and Lucja Frey, 619
AUTOIMMUNE DISEASE: does malaria select for predisposition to, 451(E)
AUTONOMIC FAILURE: and lightning-strike - coincidence or causally related, 687
AVOIDABLE DEATH: mortality in a university surgical unit, what is an avoidable death, 213
AXILLA: sinister tingling, 372
AYURVEDA: treatment of Parkinson's disease, 491

BACLOFEN: and carbamazepine in supraspinal spasticity, 747
BALANITIS: circumcision and sand, 387(C)
BALLOON DILATORS:
treatment of colonic anastomotic strictures, 264(M)
treatment of colonic anastomotic strictures with through the scope, 569(C)
BASAL CELL CARCINOMA: treatment with intralesional interferon alpha-2b, 524
BEAUMONT, WILLIAM: *Experiments and Observations*, 245(C)
BEFRIENDING: evaluation of a home visiting and befriending scheme for young mothers, Newpin, 217
BENZODIAZEPINES: long-term use in pain, 510(C)
BETA-ADRENOCEPTOR BLOCKING DRUGS: which ancillary properties influence their therapeutic or adverse effects, 672
BIOLOGICAL WARFARE: an outbreak of chickenpox in a military field hospital - implications for, 721
BIRTHWEIGHT: are our babies becoming bigger, 257
BLADDER:, complete fracture of Foley's catheter, a rare complication, 563
BLASTOCYSTIS HOMINIS: complicating ulcerative colitis, 623
BLOOD BANKS: conserving blood in preparation for elective surgery, 600
BLOOD FLOW VELOCITY: in venous disease, 261
BLOOD PRESSURE: to hypertension, the history of research, 621
BLOOD SUPPLY: cadaver studies of the anatomy of arterial supply to the inferior turbinates, 728
BODY-PACKING: with amphetamines - an indication for surgery, 311
BOERHAAVE'S SYNDROME: spontaneous rupture of the oesophagus, conservative versus surgical management, 690

CANCER CHEMOTHERAPY: non-invasive stimulation of the P6 (Neiguan) antiemetic acupuncture point in cancer chemotherapy, 210
CANCER OF THE PENIS: newborn circumcision and, 123(C)
CARBAMAZEPINE: and baclofen in supraspinal spasticity, 747
CARBON MONOXIDE: sudden or unexpected deaths, 378(M)
CARDIAC ENZYMES:
value of emergency, 694(C)
value of emergency, audit in a coronary care unit, 398, 757(C)
CARDIAC RESUSCITATION: a panacea or an ethical decision, 512(C)
CARDIOGENIC DEMENTIA: revisited, 577(E)
CARDIOVASCULAR DISEASE: in animals and man, 55(M)
CARE CONTINUITY: long-term difficult-to-manage patients - their need for continuity of care, 613
CARNEY'S COMPLEX: young woman with spotty pigmentation, acromegaly, acoustic neuroma and cardiac myxoma, 496
CELESTIN TUBES: endoscopic insertion in carcinoma of the oesophagus, 479
CEREBRAL ABSCESS: persisting incidence and mortality of sinogenic cerebral abscess, a continuing reflection of late clinical diagnosis, 193
CERTIFICATION: sudden or unexpected deaths, 378(M)
CERVICAL CYTOLOGY: audit of screening programmes, 488
CHANGE: motivation to, 122(C)
CHEMOTHERAPY: non-invasive stimulation of the P6 (Neiguan) antiemetic acupuncture point in cancer chemotherapy, 210
CHICKENPOX: an outbreak in a military field hospital - implications for biological warfare, 721
CHILDREN:
needs of, do we value our children, 508(M)
psychological health status - impact of liver transplantation, 550
CHOANAL ATRESIA: unilateral, 622
CHRONIC FATIGUE SYNDROME:
guidelines for research, 118(M)
mania and recovery from, 51
CIRCUMCISION:
newborn and cancer of the penis, 123(C)
and sand, 387(C), 696(C)
CLINICAL BIOCHEMISTRY: teaching, 335
COCAINE: as a biological and medical problem, 753(M)
COELIAC DISEASE: and insulin dependent diabetes mellitus, 436
COGNITIVE DEFICIT: reversal by cardiac pacing in a young man with dystrophia myotonica, 625
COLECTOMY: subtotal following marathon running in a female patient, 439
COLONIC ANASTOMOTIC STRICTURES: treatment with through the scope balloon dilators, 264(M), 569
COLOPLASTY:
wire-guided balloon, 512(C)
wire-guided balloon - a new treatment for colorectal strictures, 136
COLOPROCTOLOGY: representation in Great Britain and Ireland, 57
COLORECTAL STRICTURES: wire-guided balloon coloplasty - a new treatment for, 136
COMA REPORT:
dental caries and sugars, 320(C)
sugars and dental caries, 635(C)
COMMUNITY CARE:
and asylum care, 252(E)
the future of old age, how old is old, 631(M)
COMPLEMENTARY MEDICINE:
aesthetics and the individual practice of medical research, 147
a suggested medical curriculum for learning about, 702(E)
COMPUTED TOMOGRAPHY:
as an aid to diagnosis of early pulmonary actinomycosis, 686
Radiology Registrars' meeting, 176(M)
COMPUTERS: in medicine, 566(M)
CONAN DOYLE, ARTHUR:, 570(C)
mysterious case of the doctor with no patients, 165
CORONARY ARTERY DISEASE:
percutaneous transluminal coronary angioplasty in treatment, 509(C)
role of percutaneous transluminal coronary angioplasty in treatment of multivessel disease, 224
CORONARY REVASCULARIZATION: do routine clinic visits prevent destabilization in patients, 660
COURT OF PROTECTION: problems for a patient under, 331(E)
CRANIAL NERVE PALSIES: and papilloedema complicating benign aseptic meningitis, 201
CRANIOTOMY: epilepsy after and the place of prophylactic anticonvulsant drugs, 221
CROHN'S DISEASE:
Alfred the Great, a diagnosis, 303
of the vulva, 236, 693(C)
CUSHING'S DISEASE:
history of, a controversial tale, 363(M)
history of, 757(C)
CYCLOSPORIN: dermatomyositis treated with, 306
CYSTIC FIBROSIS:
energy balance and growth, 22(S18)
heart-lung transplantation for, 18(S18)
neonatal screening - should we or shouldn't we, 7(S18)
the new genetics, 2(S18)
nutritional strategies in, current issues, 28(S18)
pathogenesis and management of lung disease, 10(S18)
successful retransplantation of the heart and lungs, 561
yesterday, today and tomorrow, 36(S18)

DANISH MEDICAL SOCIETY, 125(E)
DAY-CASE SURGERY: novel approach to anxiolytic premedication, 646
DEATH: sudden or unexpected, 378(M)
DELERIUM: Mr ES, a case for old age psychiatry or Professor Jung, 741
DEMENTIA:
cardiogenic, revisted, 577(E)
delusional, the strange mental state of an old man who thought he would be slaughtered - an early report, 432
and dental anaesthesia, 385(C)
DENTAL CARIES:
sugars and, 635(C)
and sugars, the COMA report, 320(C)
DERMATOGRAPHISM: cyclical vomiting and hypertension and histamine release, 629
DERMATOMYOSITIS: treated with cyclosporin, 306
DEXTROSE SALINE: postoperative fluid therapy, 611
DF2 SEPTICAEMIA, 749
DIABETES: patients learning from each other: self-help groups, 595
DIAGNOSIS:
intestinal tuberculosis, an ongoing diagnostic dilemma, 436
the physician and Sherlock Holmes, 151
DIETARY SUGARS: lactose, 246(C)
DISASTER:
anticipation, 323(C)
children in shipping disasters, 12
planning for the aftermath, 22
psychiatric aspects, 4
psychiatric intervention after the Piper Alpha disaster, 8
psychiatric response to the Clapham rail crash, 15
theoretical issues in responses to disaster, 19
therapeutic flexibility in the post disaster response, 2(E)
DISCONNECTED AWARENESS: for detecting, processing and remembering in neurological patients, 466
DOG BITE: DF2 septicaemia, 749
DOSAGE SCHEDULE: what is the best for patients, 640(E)
DROWNING: prevention, 453(E)
DRUG ABUSE:
cocaine as a biological and medical problem, 753(M)
role of drugs and alcohol in patients with head injury, 608
DRUG ADDICTION: and pregnancy - long-term consequences, 530
DUODENO-GASTRIC REFLUX: and gastric adenomas, a scintigraphic study in patients with familial adenomatous polyposis, 476
DYSENTERY: medical aspects of Sir John Moore's Corunna Campaign 1808-1809, 299
DYSTROPHIA MYOTONICA: reversal of cognitive deficit by cardiac pacing in a young man, 625

ECONOMICS OF TREATMENT: when is treatment economically justified, 322(C)
EDINBURGH DECLARATION: and education for psychiatry in the 21st century, 153
EDUCATION:
London's last private medical school, 682
professional standards, 338
a suggested medical curriculum for learning about complementary medicine, 702(E)
EMBOLISM:
arterial associated with psittacosis, 374
renal artery, a rare cause of renal colic, 748
EMERGENCIES: and accident flying squads, 510(C)
EMERGENCY AMBULANCE SERVICE: use of to an inner city Accident and Emergency Department - a comparison of general practitioner and 999 calls, 726
ENT SURGERY: waiting list initiatives, crisis management or targeting of resources, 405
ENVENOMATION, by the box-jellyfish - an unusual case of ulnar nerve palsy, 15
EPHEDRINE: successful treatment of cyclical hypothermia, 752
EPIDEMIOLOGY: contribution to the history of tuberculosis and leprosy in 19th century Norway, 428

EPILEPSY:
after craniotomy and the place of prophylactic anticonvulsant drugs, 221
limbic, 454(E)
modern treatment strategies for patients, 159
neuropsychological investigation of temporal lobe epilepsy, 460
psychoses, 457
EPOPROSTENOL: successful treatment of purpura fulminans with, 623
ERYTHEMA MULTIFORME: recurrent Stevens-Johnson syndrome, 168
ERYTHRODERMA: skin failure - a real entity, 412
ETHICS: economics and science, 575(E)
ETHMOIDAL SURGERY: superior oblique palsy following, 369, 695(C)
EUROPEAN ACADEMY OF ANAESTHESIOLOGY: 1992 and beyond, 704
EXERCISE CARDIOGRAPHY: open access, a service to improve management of ischaemic heart disease by general practitioners, 590
EXTRAHEPATIC PORTAL HYPERTENSION: protein C deficiency and tuberous sclerosis, 751

FALLS IN THE ELDERLY:, 693(C)
future strategies, 189(E)
FAMILIAL ADENOMATOUS POLYPOSIS: duodeno-gastric reflux and gastric adenomas, a scintigraphic study, 476
FAMILY PLANNING: religious and cultural aspects 177(M)
FAMILY THERAPY:
for anorexia nervosa - why not, 691(C)
for anorexia nervosa in adolescence, 359
FIBROSING ALVEOLITIS: case in childhood, 234
FLUID THERAPY: postoperative - put not thy faith in dextrose saline, 611
FLUMENAZIL: psychomotor and clinical assessment of, as an antagonist of midazolam, 277
FOLEY CATHETER: urethral, complete fracture, a rare complication, 563
FORENSIC:
and legal aspects of accident and emergency medicine, 440(M)
medicine and the law, 443(M)
FOURNIER'S GANGRENE: of the scrotum following day case vasectomy, 49
FRANKINCENSE: and myrrh as remedies in children, 602
FRATERNAL SOCIETIES IN EUROPE:
the Danish Medical Society, 125(E)
the Royal Academy of Medicine in Ireland, 126(E)
the Swedish Medical Society, 127(E)
FREY'S SYNDROME: Lucja Frey and the auriculotemporal nerve syndrome, 619

GALLBLADDER ADENOCARCINOMA:, 382(C), 511(C)
a five year review of outcome in Newcastle upon Tyne, 84
GASTRIC LAVAGE: gastric emptying procedures in the self-poisoned patients, are we forcing gastric content beyond the pylorus, 274
GASTRIC STAPLING: pregnancy occurring in morbidly obese woman, 503
GASTROINTESTINAL BLEEDING: massive, in association with the brown bowel syndrome, 437
GASTROINTESTINAL HAEMORRHAGE:
causes and mortality in patients aged over 75 years, 32
in the over 75s, 446(C)
GENERAL PRACTITIONERS: should they refer more patients to hospital, 403
GENERIC MEDICINES: innovative versus, 375(M)
GEROCOMY: a case for the development of departments of in all district general hospitals, 731
GLAUCOMA: screening siblings for in the UK, 545
GOLD THERAPY:
response of urticarial vasculitis to, 169
in rheumatoid arthritis treatment, 513(E)
GREENHOUSE EFFECT: and human population, 57(C)
GRZYBOWSKI'S GENERALIZED ERUPTIVE KERATOACANTHOMA, 170
GUILLAIN-BARRÉ SYNDROME:
following severe exertion, 116
in a patient with hairy cell leukaemia, 238
GUNSHOT WOUNDS: some observations of George James Guthrie on gunshot wounds of the thigh during the Crimean War (1854-1855), 675
GUT FERMENTATION: a reappraisal of an old clinical condition with diagnostic tests and management, 669
GUTHRIE, GEORGE JAMES: some observations of on gunshot wounds of the thigh during the Crimean War (1854-1855), 675

HAEMATOLOGY: is it well taught, 336
HAEMODIALYSIS: hearing threshold changes - hearing loss in chronic renal failure, 587
HAEMOLYTIC URAEMIC SYNDROME: gastrointestinal complications, 383(C)
HAEMOPERITONEUM: spontaneous in labour from ruptured utero-ovarian vessels, 372
HAEMOPTYSIS: after Dwyer instrumentation for idiopathic scoliosis, 685
HAEMORHEOLOGY:
in neonates, procoagulant activity in leukocytes, 240(M)
treatment of ischaemia - facts or fancy, 639(E)
HEAD AND NECK CANCER: advanced, 59(C)
HEAD, HENRY: legacy of, 107
HEAD INJURY: role of drugs and alcohol in patients with head injury, 608
HEALING:
and honey, 179(C)
and medicine, 516(E)
HEALTH: beneficial effects of pet ownership on some aspects of human health and behaviour, 717
HEALTH MANAGEMENT: motivation to change, 122(C)
HEALTH OF CHILDREN: this sporting life, mental and physical health in schoolchildren today, 318(M)
HEALTH SCREENING: are patients in favour of general health screening, 280
HEALTH SERVICE PLANNING: outcome measures and assessment of needs, 314(M)
HEARING AIDS: acceptability of binaural: a cross-over study, 267
HEARING LOSS: in chronic renal failure - hearing threshold changes following haemodialysis, 587
HEARTSINK PATIENTS: accident proneness and illness proneness, 163
HELICOPTER SYSTEMS:
medical, 632(C)
recommended minimum standards for patient management, 242
HEMIPLEGIA: contralateral complicating herpes zoster ophthalmicus, 501
HEPATITIS: in a family infected by *Chlamydia psittaci*, 347
HERPES ZOSTER OPHTHALMICUS: contralateral hemiplegia complicating, 501
HIP REPLACEMENT: uncemented total - a one year follow-up of 490 patients, 536
HISTORY OF SURGERY: medicine's debt to outsiders, 380
HIV INFECTION:
anorectal surgery in HIV-seropositive patients, 191(E)
persistent ulceration of the anal margin in homosexuals, 87
HODGKIN'S DISEASE: cutaneous expression, 684
HOLISTIC MEDICINE: another look at, 183(C), 446(C)
HOLMES, SHERLOCK:, 634(C)
the physician and, 151
HOMEOPATHY: the homeopathic conundrum, 59(C), 121(C), 122(C)
HOMO SAPIENS: a species too successful, 384(C)
HONEY:
and healing, 179(C)
healing of leg ulcers, 693(C)
HORMONE REPLACEMENT THERAPY:, 384(C)
medicalizing the menopause, 567(M)
HORTICULTURE: medicine's debt to outsiders, 380
HOSPITAL DOCTORS:
wearing of white coats, 43
why do they wear white coats, 321(C)
HOSPITAL REFERRALS: should general practitioners refer more patients, 403, 759(C)
HYPERCHOLESTEROLAEMIA:
and asymptomatic hypothyroidism, 527
coexistent with hypertension, management choices for, 203
HYPERHIDROSIS: thoracic endoscopic sympathectomy for palmar hyperhidrosis in an adolescent female, 114
HYPERTENSION:
and cyclical vomiting with dermatographism and histamine release, 629
from blood pressure to, the history of research, 621
is the non-pharmacological treatment neglected, 540
management, 572(C)
management choices for with coexistent hypercholesterolaemia, 203
self-help, mutual aid and chronic patients' clubs in Croatia, Yugoslavia, 288
HYPONATRAEMIC STATE: dangerous synergism with sedatives, 181(C)
HYPOTHERMIA: cyclical, successful treatment with ephedrine, 752
HYPOTHYROIDISM:
asymptomatic and hypercholesterolaemia, 527
and renal impairment, 688
HYSTERIA: functional or psychogenic? A survey of British neurologists' preferences, 471

INFECTIVE ENDOCARDITIS: complicated by ruptured cerebral mycotic aneurysm, 746
INFERIOR TURBINATES: cadaver studies of the anatomy of arterial supply, 728
INFLAMMATORY BOWEL DISEASE: patients' expectations in the 1990s, 131
INFORMED CONSENT, 182(C)
INSULIN: sniffing for jabbing, 701(E)
INSULIN DEPENDENT DIABETES MELLITUS: and coeliac disease, 436
INTERFERON: treatment of basal cell carcinoma with intralesional interferon alpha-2b, 524
INTRACRANIAL SUPPURATION: importance of early detection, 187(E)
INTRAOCULAR FOREIGN BODY: detached iris cyst presenting as, 172
IRIS CYST: detached, presenting as an intraocular foreign body, 172
ISCHAEMIA: haemorheological treatment - fact or fancy, 639(E)
ISCHAEMIC HEART DISEASE: open access exercise electrocardiography, a service to improve management by general practitioners, 590
ITALIAN MENTAL HEALTH LAW (1978): a personal evaluation, 99

KERATOACANTHOMA: Grzybowski's generalized eruptive, 170
KNEE MENISCAL INJURIES: place of arthrography in diagnosis and management - a 6-year review, 133

LARYNGECTOMY: practice of speech after, 292
LEAD POISONING: due to Asian ethnic treatment for impotence, 630
LEG ULCERS:, 515(E)
healing and honey, 693(C)
LEGAL:
and forensic aspects of accident and emergency medicine, 440(M)
law and forensic medicine, 443(M)
LEPROSY: contribution to the history of tuberculosis and leprosy in 19th century Norway, 428
LEUKAEMIA: hairy cell, Guillain-Barré syndrome with, 238
LEUKOCYTES: haemorheology in neonates, procoagulant activity in leukocytes, 240(M)
LIAISON PSYCHIATRY: for the 21st century, 414
LIFELINE: and longevity, 60(C), 122(C)
LIGHTNING-STRIKE: and autonomic failure - coincidence or causally related, 687
LIPIDS: in non-insulin dependent diabetes, a case for treatment, 393(E), 694(C)
LIPOSARCOMA: of spermatic cord, 499
LIVER TRANSPLANTATION: children's psychological health status, 550
LUNG DISEASE: pathogenesis and management in cystic fibrosis, 10(S18)

MAGNETIC RESONANCE IMAGING: of spinal metastases, 196
MALARIA: selection for predisposition to autoimmune disease, 451(E)
MALIGNANT LYMPHOMA: acquired C1-inhibitor deficiency preceding, 628
MALIGNANT MELANOMA: facial desmoplastic, 47
MALIGNANT SCHWANNOMA: retroperitoneal, 308
MANIA:
Mr ES, a case for old age psychiatry or Professor Jung, 741
and recovery from chronic fatigue syndrome, 51
MARIHUANA: and mouth cancer, 386(C)
MEDICAL EDUCATION: Edinburgh Declaration and education for psychiatry in the 21st century, 153
MEDICAL MALPRACTICE: crisis - reflections on the alleged causes and proposed cures, 408
MEDICAL PRACTICE: the physician and Sherlock Holmes, 151
MEDICAL RESEARCH: aesthetics and the individual practice of, 147
MEDICAL SCHOOLS: London's last private medical school, 682

MEDICAL SCREENING: surveillance of disorders caused by occupational hazards - principles and practice, 418
MEDICAL STUDENT: selection, 180(C)
MEDICINES CONTROL AGENCY: the response to the Evans/Cunliffe report, 173(M)
MENINGITIS: benign aseptic, papilloedema and cranial nerve palsies complicating, 201
MENOPAUSE:
clinic, patterns of referral, 128
medicalizing, hormone replacement therapy - solution or problem, 567(M)
MENTAL HANDICAP: levels of visual impairment in a day centre, 542
MENTAL ILLNESS: long-term difficult-to-manage patients - their need for continuity of care, 613
METCHNIKOFF: revisited, 579(E)
METHYLENEDIOXYMETHAMPHETAMINE (MDMA): Ecstasy, a fatality associated with coagulopathy and hyperthermia, 371
MIDAZOLAM: psychomotor and clinical assessment of flumenazil as an antagonist, 277
MIGRAINE: pathogenesis, 519
MILITARY DOCTOR, 249(E)
MILITARY MEDICINE:, medical aspects of Sir John Moore's Corunna Campaign 1808-1809, 299
MOLECULAR BIOLOGY: teaching, 335
MONONEURITIS MULTIPLEX: morphoea and, 233
MORAXELLA LACUNATA: infectious arthritis, 629
MORPHOEA: and mononeuritis multiplex, 233
MORTALITY: in a university surgical unit, what is an avoidable death, 213
MOTHERS: evaluation of a home visiting and befriending scheme for young mothers, Newpin, 217
MOUTH CANCER: and marihuana, 386(C)
MOZART:, 571(C)
contra Davies, Mozart's terminal illness, 734
death of, 179(C), 246(C), 445(C)
forensic scientists uncovering, 387(C)
last illness, 323(C)
Mozart's death, a rebuttal of Karhausen. Further evidence for Schönlein-Henoch syndrome, 737
MUCINOUS CYSTADENOCARCINOMA: of the pancreas: an uncommon presentation of anaemia with upper gastrointestinal bleeding, 171
MULTIPLE SCLEROSIS:
prospects for the treatment, 63(E)
prospects for treatment, 385(C)
MULTIVESSEL DISEASE: role of percutaneous transluminal coronary angioplasty in treatment, 224
MUSICIANS:
death of Mozart, 179(C), 246(C), 445(C)
forensic scientists uncovering Mozart, 387(C)
medical histories, 123(C)
Mozart, 571(C)
Mozart's death, a rebuttal of Karhausen. Further evidence for Schönlein-Henoch syndrome, 737
Mozart's last illness, 323(C)
Mozart's terminal illness, 734
Schubert and Salieri, 322(C)
MYALGIC ENCEPHALITIS, 182(C), 183(C), 633(C)
MYOCARDITIS: a controversial disease, 1(E), 244(C)
MYRRH: and frankincense as remedies in children, 602
MYXOEDEMA: some early reports and contributions by British authors 1873-1898, 103
MYXOMA: young woman with spotty pigmentation, acromegaly and acoustic neuroma, Carney's complex, 496

NASAL OBSTRUCTION: choanal atresia, 622
NEAR-DEATH EXPERIENCE: recurrent with post-vagotomy syndrome, 311
NEUROFIBROMATOSIS: renal artery aneurysm, hypertension and, 373
NEUROLEPTIC MALIGNANT SYNDROME:
clinical considerations, 505
a diagnostic dilemma, 500
NEUROLOGICAL PATIENTS: disconnected awareness for detecting, processing and remembering, 466
NEUROPSYCHOLOGY: investigation of temporal lobe epilepsy, 460
NEUROTIC DISORDER: classification, 319(C)
NEW DRUG DEVELOPMENT: improving process, 52(M)
NON-HODGKIN'S LYMPHOMA: testicular lymphoma with pancreatitis, 309
NON-INSULIN DEPENDENT DIABETES: lipids in, a case for treatment, 393(E), 694(C)
NORMAN TANNER MEDAL: of the Royal Society of Medicine Section of Surgery, 68

OBESITY, MORBID: pregnancy in woman who had undergone gastric stapling, 503
OCCUPATIONAL HEALTH:
anoxic asphyxia - a cause of industrial fatalities, 493
surveillance of disorders caused by occupational hazards - principles and practice, 418
OESOPHAGEAL CARCINOMA: endoscopic insertion of Celestin tubes, 479
OESOPHAGEAL RUPTURE: Boerhaave's syndrome, conservative versus surgical management, 690
OLFACTOMETRY: cortical evoked response, 400
ONCHOCERCIASIS: subtle early features in a European, 435
OPHTHALMOLOGY: the plain radiograph in, a wasteful and potentially dangerous anachronism, 76
OPHTHALMOMETER: a camera that directly measures physical parameters, 81
OPHTHALMOPLEGIA: bilateral internuclear as a false localizing sign, 627
ORAL EPITHELIUM: changing concepts: discussion paper, 92
OTITIS MEDIA: and its sequelae, 581
OUTPATIENT CLINICS:
can outpatient non-attendance be predicted from the referral letter? An audit of default at neurology clinics, 662
patients' views on how to run, 522
OVARIAN CANCER: audit of surgical treatment in a metropolitan health region, 206

PAGET'S DISEASE: of the anus, 112, 386(C)
PAIN: congenital insensitivity, 558
PAINTINGS: a tale of two, 60(C)
PANCOAST'S SYNDROME: sinister tingling in the axilla, 372
PANCREATIC CYSTS: mucinous adenocarcinoma: an uncommon presentation of anaemia with upper gastrointestinal bleeding, 171
PANCREATITIS:
recurrent, 758(C)
recurrent in presence of visceral artery aneurysm, 235
testicular lymphoma with, 309
PAPILLOEDEMA: and cranial nerve palsies complicating apparent benign aseptic meningitis, 201
PARACOCCIDIOIDOMYCOSIS GRANULOMA: simulating posterior fossa tumour, 562
PARAESTHESIA: sinister tingling in the axilla, 372
PARENTERAL NUTRITION:
long-term, problems with venous access, 181(C)
peripheral, 383(C)
transdermal glyceryl nitrate to allow peripheral total parenteral nutrition: a double-blind placebo controlled feasibility study, 69
PARKINSONISM, DRUG-INDUCED: fatal association with seizure, 237
PARKINSON'S DISEASE:
frontal lobe dysfunction in schizophrenia - a meeting point for neurology, psychology and psychiatry, 349
treatment in Ayurveda (ancient Indian system of medicine), 491
PATELLA: observations on the intrinsic blood supply, disruption correlated with articular surface degeneration, 606
PATHOLOGY:
basic standards in teaching, 338
is it well taught, 332, 634(C), 692(C)
a medical student's view of teaching, 334
a physician's view of teaching, 333
professional standards, 338
a surgeon's view of teaching, 333
PATIENTS' CLUBS: self-help and mutual aid in Croatia, Yugoslavia, 288
PENINSULA WAR: medical aspects of Sir John Moore's Corunna Campaign 1808-1809, 299
PERITONITIS: faecal, management of generalized - can we do better, 664
PETS: beneficial effects of pet ownership on some aspects of human health and behaviour, 717
PHARMACEUTICAL PRODUCTS: promotion, from fact to freebies, 564(M)
PITUITARY ADENOMA: non-secretory treated by trans-ethmoidal sellotomy, 140
PLACEBOS: on pigeons, physicians and, 328(E)
PNEUMONIA, DESQUAMATIVE INTERSTITIAL: case of fibrosing alveolitis in childhood, 234
POLICE DOCTOR: in and out of court - a view from the bench, 642
POST MARKETING SURVEILLANCE: spontaneous adverse drug reaction reporting vs event monitoring, a comparison, 341
POST TRAUMATIC STRESS DISORDER: emotional sequelae of sexual assault, 26
POST-VAGOTOMY SYNDROME: recurrent near-death experience, 311
PRADER-WILLI SYNDROME: anaesthesia and, 239
PREGNANCY:
and drug addiction - long-term consequences, 530
in morbidly obese woman who had undergone gastric stapling, 503
teenage, doubts, uncertainties and psychiatric disturbance, 723
PRICE, WILLIAM: eccentric or visionary - Dr Price of Llantrisant, 229
PRIMARY CARE: an experience, 254(E)
PRIMARY PREVENTION: are patients in favour of general health screening, 280
PRODUCT LICENSING: innovative versus generic medicines, 375(M)
PROFESSIONAL COMPETENCE: medical malpractice crisis - reflections on the alleged causes and proposed cures, 408
PROSTATECTOMY:
use of an antibacterial powder spray to prevent postoperative urinary infection, 667
who should have? A survey of the management of patients presenting with bladder outflow obstruction, 533
PROTEIN C DEFICIENCY: extrahepatic portal hypertension and tuberous sclerosis, 751
PSEUDOANGIOSARCOMA: Masson's, 745
PSITTACOSIS:
arterial embolism associated with, 374
hepatitis in a family infected by *Chlamydia psittaci*, 347
PSYCHIATRY:
liaison, for the 21st century, 414
the strange mental state of an old man who thought he would be slaughtered - an early report of dementia with delusion, 432
PSYCHOLOGY: medicine's debt to outsiders, 380
PSYCHOSIS: of epilepsy, 457
PUBLIC HEALTH: are patients in favour of general health screening, 280
PULMONARY EMBOLISM: a complication of right atrial thrombi due to atrial fibrillation, 313
PURPURA FULMINANS: successful treatment with epoprostenol, 623
PUSTULAR PANNICULITIS: in rheumatoid arthritis, 307
PYODERMA GANGRENOSUM, 123(C), 386(C)

5 Q-SYNDROME: and monoclonal gammopathy with α_1 antitrypsin deficiency, 438

RADIOGRAPHY: the plain radiograph in ophthalmology: a wasteful and potentially dangerous anachronism, 76
RADIOLOGY:
History Committee 1989-1990, 444
research, 176(M)
RAPE:
emotional sequelae of sexual assault, 26
and sexually transmitted diseases: patterns of referral and incidence in a department of genitourinary medicine, 657
RAPHE PERINEI: hypertrophy in male infants, 750
REAGENT STRIP TESTING: accuracy for urinary tract infection in the elderly, 598
RECORD ACCESS: consultants' and patients' views about patient access to their general practice records, 284
REFSUM'S DISEASE: cutaneous aspects, 559
RENAL CARCINOMA: presenting in the skin, 497
RENAL COLIC: renal artery embolism, a rare cause, 748
RENAL FAILURE: hearing loss in - hearing threshold changes following haemodialysis, 587
RENAL IMPAIRMENT: and hypothyroidism, 688
RESEARCH DESIGNS: single case, 249(E)
RESEARCH FUNDING, 633(C)
RESUSCITATION: are accident flying squads also worthwhile for medical emergencies, 144
RETROPERITONEAL TUMOUR: malignant schwannoma, 308
RHEUMATOID ARTHRITIS:
the gold standard in, 513(E)
pustular panniculitis in, 307

ROYAL ACADEMY OF MEDICINE IN IRELAND, 126(E)
ROYAL SOCIETY OF MEDICINE: history of Honorary Fellowship, 245(C)
ROYAL SOCIETY OF MEDICINE FORUMS:

SARCOIDOSIS:
and acute myeloid leukaemia, 368
gastric, 50, 322(C)
SCALDS, 183(C)
SCALP INJURY: importance of soft tissue injury as a predictor of skull fracture, 502
SCHIZOPHRENIA: frontal lobe dysfunction in and Parkinson's disease - a meeting point for neurology, psychology and psychiatry, 349
SCHÖNLEIN-HENOCH SYNDROME: Mozart's death, 734, 737
SCHUBERT: and Salieri, 322(C)
SCOLIOSIS: haemoptysis after Dwyer instrumentation, 685
SCREENING: siblings for glaucoma in the UK, 545
SCREENING PROGRAMMES: audit of cervical cytology programmes, 488
SEDATIVES: dangerous synergism with hyponatraemic state, 181(C)
SEIZURE: fatal association with drug-induced Parkinsonism, 237
SELF-HELP GROUPS:
mutual aid and chronic patients' clubs in Croatia, Yugoslavia, 288
patients learning from each other, groups for people with diabetes, 595
SELF-POISONING:
gastric emptying procedures in the self-poisoned patients, are we forcing gastric content beyond the pylorus, 274
residual gastric content after gastric lavage and ipecacuanha-induced emesis: an endoscopic study, 35
SEXUAL ASSAULT: emotional sequelae of sexual assault, 26
SEXUAL RELATIONSHIP: doctor-patient - a social viewpoint, 321(C)
SEXUALLY TRANSMITTED DISEASES: and rape, patterns of referral and incidence in a department of genitourinary medicine, 657
SHINGLES: epidemiology, 184(C)
SINUSITIS, FRONTAL: persisting incidence and mortality of sinogenic cerebral abscess: a continuing reflection of late clinical diagnosis, 193
SKIN:
angiocentric T-cell lymphoma, 683
cutaneous aspects of Refsum's disease, 559
cutaneous expression of Hodgkin's disease, 684
renal cell carcinoma presenting in, 497
SKIN FAILURE: - a real entity, 412
SKULL FRACTURE: importance of scalp soft tissue injury as predictor, 502
SMALL LEFT COLON SYNDROME: an immature enteric plexus, 113
SNORING: assessment of chronic snorers, 57(C)
SPASMODIC TORTICOLLIS: low dose botulinum toxin in, 650
SPASTICITY: supraspinal, baclofen and carbamazepine in, 747
SPEECH THERAPY: practice of speech after laryngectomy, 292
SPERMATIC CORD: liposarcoma of, 499
SPINAL METASTASES: magnetic resonance imaging, 196
SPONDYLOLISTHESIS: results of Buck screw fusion in grade I spondylolisthesis, 270
SPONDYLOSIS: variations in prevalence in early British populations, 547
SPORT: subtotal colectomy following marathon running in a female patient, 439
SPORTS PSYCHOLOGY: this sporting life, mental and physical health in schoolchildren today, 318(M)
ST VITUS DANCE, 60(C)
STEVENS-JOHNSON SYNDROME: recurrent, 168
STROKE: a psychiatric presentation of abulia - three cases of left frontal lobe ischaemia and atrophy, 89
SUDDEN INFANT DEATH SYNDROME: sudden or unexpected deaths, 378(M)
SUPERIOR OBLIQUE PALSY: following ethmoidal surgery, 369, 695(C)
SURGEONS:
protecting the index finger during surgery, 696(C)
risks of contamination during operations, 327(E), 633(C)
SURGICAL ROOTS AND BRANCHES, 569(C)
SURVIVAL: a struggle for, 185(C)
SWEDISH MEDICAL SOCIETY, 127(E)
SYMPATHECTOMY: thoracic endoscopic for palmar hyperhidrosis in an adolescent female, 114
SYMPATHETIC GANGLIA: an early 19th century view, 423(M)

T-CELL LYMPHOMA: angiocentric in skin, 683
TEACHING:
basic standards in pathology, 338
clinical biochemistry and molecular medicine, 335
haematology, is it well taught, 336
a medical student's view of pathology teaching, 334
pathology - is it well taught, 332, 634(C), 692(C)
a physician's view of pathology teaching, 332
a surgeon's view of pathology teaching, 333
TELEPHONE ADVICE: Accident and Emergency Department's response to patients' inquiries, 345
TESTICULAR LYMPHOMA: with pancreatitis, 309
THALLIUM-TECHNETIUM SCANS: three dimensional, 58(C)
THORACIC SURGERY: changing pattern in the United Kingdom 1963-1982, 484
THROMBOEMBOLIC DISEASE: venous in uncemented total hip replacement surgery - a one year follow-up of 490 patients, 536
TONSILS: immunology of, 58(C), 447(C), 758(C)
TOXIC EPIDERMAL NECROLYSIS: skin failure - a real entity, 412
TOXIC SHOCK SYNDROME: presenting as acute encephalopathy and diarrhoea, 48
TRACE EVIDENCE: helping the lab to help us, 756(M)
TRANS-SPHENOIDAL HYPOPHYSECTOMY: non-secretory adenomas of the pituitary treated by trans-ethmoidal sellotomy, 140
TRANSPLANTATION:
heart-lung for cystic fibrosis, 18(S18)
successful retransplantation of the heart and lungs in cystic fibrosis, 561
TRAUMA: are accident flying squads also worthwhile for medical emergencies, 144
TUBERCULOSIS:
a contribution to the history of tuberculosis and leprosy in 19th century Norway, 428
intestinal, an ongoing diagnostic dilemma, 436
TUBEROUS SCLEROSIS:, 699(E)
extrahepatic portal hypertension and protein C deficiency, 751
TWO CULTURES DEBATE: a new cageful of ferrets - medicine and the two cultures debate of the 1950s, 637(E)
TYPHUS: medical aspects of Sir John Moore's Corunna Campaign 1808-1809, 299
